

# In preparation for fires

## 1 Be on alert for incendiary fire!

- Try to avoid placing something inflammable.
- Garbage should be put out on the morning of the designated collection day.
- Lock empty houses, garages, and storage houses.

## 2 Be careful with cigarettes.

- Don't smoke when you are in bed.
- Put some water in your ashtray.
- Before you throw out cigarette butts, soak them in water once.
- Please don't smoke or throw your cigarette butt while walking.
- Please smoke in designated areas.

## 3 Watch out for deep fry cooking oil.

- Keep an eye on it at all times.
- Don't place anything inflammable near the oil.
- Keep a fire extinguisher close by.

## 4 Other

- Daily checking on electrical and gas equipment, etc. is very important.
- Be careful not to connect too many appliances to one electrical outlet and check for dust in the devices.
- Always keep the area where you use fire tidy.
- Do not place a lighter or matches in reach of children.
- Don't go out leaving your infants home alone.
- Don't allow children to play with fireworks by themselves.
